DR. GEORGE GONZALEZ, D.C., QN

Curriculum Vitae

Author: Visceral Rehabilitation a Quantum Neurology® Training Manual

This manual demonstrates the a rehabilitation strategy for the full expression of the G-POI™ concept. Visceral rehabilitation is addressed in this manual while incorporating a strategy for handling motor, sensory, cranial nerve and visceral corrections through one correction. This is the full manifestation of the NeuroExpression™ concept that is unique to Quantum Neurology.

Copyright by Dr. Gonzalez 2005 – Present

Author: MELT™ a Quantum Neurology® Training Manual

MELT is an acronym for Muscle Elongation Technique, and is not to be confused with stretching. This technique neurologically changes the length of most any muscle in the body in about 60 seconds. This concept is unique to Quantum Neurology.

Copyright by Dr. Gonzalez 2008 – Present

Author: Immediate Neurological Change with Clinical Nutrition a Quantum Neurology® Training Manual

The use of traditional neurological tests are used to demonstrate the function of the Nervous System. Clinical nutrition is used to deliver an immediate neurological change which is used to support the patients rehabilitation.

Copyright by Dr. Gonzalez 2009 – Present
